

The technical site plan illustrates the layout of a wastewater treatment plant. Key features include:

- Buildings:** Several rectangular buildings are shown in green outlines. One is labeled '258/2 lpartelep' in green. Another building is labeled 'medence' (basin) and is connected to a 'Szűkítőszeg' (constrictor).
- Infrastructure:** A 'Víznyelőcső' (water intake pipe) is shown as a dashed line. A 'Kanalizáció' (sewerage system) is indicated by a line with cross-ticks. A 'Kőút' (stone road) is shown as a dashed line with cross-ticks.
- Terrain and Contours:** The terrain is represented by contour lines with elevation points. Elevation values range from 145.01 to 164.38 meters.
- Other Features:** A 'Haszonanyag depó' (waste material depot) is labeled in the center. A 'Kőút' (stone road) is shown in the bottom left. A 'Kőút' (stone road) is shown in the bottom left.
